## A GREAT WAVE

Of Water, Ten Feet High, Sweeps Down the Canyon,

Sweeping to Destruction Every Living Thing in Its Way.

A Cloudburst Causes an Awful Catastrophe in Colorado, Every Man and Woman Has Lost His Home.

The Loss of Property Great.

MONROVIA, Colo., July 27.—At 8 o'clock Friday evening a great wave of water ten feet high tearing down the narrow canyon of Bear creek, carrying everything before it. From 6:30 to twelve o'clock the water had been rising, and as the searching parties have been cut off a short time while hundreds were camping along the creek, both above and below town, it is impossible to say how many have been lost.

All of the bridges across Bear creek were swept away. It is impossible to get across to learn from people on the other side if any fatalities are known or to find the people on both sides of the creek were buried in the mud, trees, and rocks, uprooted, looking for friends or victims of the flood or helping to gather up property.

There was a very heavy storm up the canyon just before the great wave came, and the mud and debris it carried along made it dangerous and dangerous to cross it.

At 7 p.m. a green-colored cloud was moving toward the mountains, and the storm began along Mt. Lookout.

Inside of ten minutes the worst storm which has ever happened in this section began. The storm continued with unabated fury for about half an hour. At 8 o'clock it was safe to venture out on citizens, with the fear that all was doomed near the creek, ran toward the stream and found it was washed out below the town.

The water was down in a perfect way, carrying everything before it.

It is reported that there were several people on the Ford-street bridge, waiting on the bridge, and that debris, including barns, cabins, tents, bridges, etc. Many narrow escapes are reported.

The Denver, Lakewood & Golden railroad tracks were washed out below the town.

A large number of men were working engaged in placer mining, and it is feared that the sudden rise has swept some of them away.

No trains will be sent to the mountains until the water subsides.

Gold miners are said to be scattered throughout the mountains.

Two miners were killed and two wounded.

Those killed are said to be Henry Jackson, Albert Sullivan, Edward Johnson, and Jim Solomon.

James and Lee Mitchell, Negroes, were discovered, and at 9 o'clock 30 dead had been recovered, of which 21 are in Morrison alone. Trains left Denver early Saturday morning with coffins for the stricken district.

JACKSONVILLE, Fla., July 26.—Diseases are rampant at the Florida State Fair, and the 100,000 visitors to the fair have been advised to take care.

Florida health officials say that the fair is in progress, and a number of white men and Negroes have been sickened.

It is rumored that the Negroes are generally armed, and a posse of whites left Jacksonville Saturday night for the scene of the tragedy.

It is believed that the Negroes are generally armed, and a posse of whites left Jacksonville Saturday night for the scene of the tragedy.

#### GAMBLING AT THE FAIR.

Officers Arrested for Permitting It.

RICHMOND, Ky., July 27.—Quite a sensation was created among the 9,000 fairgoers at the State Fair here yesterday when 12 officers placed under arrest President J. W. Herndon, of the fair association, and Pat Gorman, a Lexington sport. The wits were lauging at City Judge C. R. Clark, and charged President Herndon with allowing gambling on the grounds of the association and Gorman with operating a device known as the red, white and blue game. Gorman was arraigned in the city court Saturday morning, and plied guile with his lawyer, and was fined \$100.

It is believed that the directors will be prosecuted. They were deceived as to the nature of Gorman's business and as once took steps to support the tendency toward gambling.

The fair, which closed Saturday, has been one of the best in the history of the association.
